**Student Experiences in the Program**

- Quality of teaching in your program: 81% Arts, 86% PBSci, 87% Social Sciences, 70% Engineering, 92% Humanities.
- Amount of faculty involvement in programs activities and events: 47% Arts, 65% PBSci, 68% Social Sciences, 74% Engineering, 79% Humanities.
- Opportunities to work collaboratively with faculty on research: 34% Arts, 55% PBSci, 55% Social Sciences, 66% Engineering, 79% Humanities.

Quality of teaching was consistently high across divisions, while opportunities to work collaboratively and amount of faculty involvement varied.

**Most Common Types of Financial Support in the 2020-2021 Academic Year**

- Teaching Assistantships (TA): 66%
- Fellowships/Scholarships: 57%
- Graduate Student Researchers (GSR): 44%

**Moved in 2021?**

Students with TAships were more likely to move due to financial reasons than were students who were not supported by TAships.

**Campus Services:**

Among 154 students who reported having at least one condition or disability that significantly affects their experience as a student at UCSC, almost 1 in 5 (18%) received help from the Disability Resource Center.

About 3 in 4 (74%) domestic students knew where to get help on campus for a counseling, psychological, or other mental health need, whereas 63% of international students knew this.
